3. The Chairman presented a redraft of a memorandum for Heads of all Career Services which would provide clarifying information relative to the criterion in [REDACTED] that an employee with 15 or more years of Agency service must have at least 60 months of qualifying service to be eligible for participation in the System. After discussion of this matter and with the acceptance of several suggested changes in paragraph 1.b., the Board was unanimous in its approval of such memorandum.

4. The Chairman requested comments on the following proposed addition to paragraph b.(11) (c) of [REDACTED] which had been previously submitted to the Board members for review:

"It is intended that the 'unique skills and knowledge' and 'highly classified duties' in (1) and (2) above will be interpreted to include only most unusual situations within the Agency. It is anticipated that the restrictive interpretation intended to be applied to this subsection will result in only an occasional rare case being accepted hereunder. The provisions of this subsection will be utilized in determining 'qualifying service' only where retirement action, whether voluntary or involuntary, is impending."

The Chairman emphasized that the provision contained in paragraph b.(11)(c) was in contemplation of imminent separation from the Agency and that it pertained only to the placement of an individual at a distinct disadvantage in obtaining other employment, but that the regulation as written did not state this fact with any precision. He stated that the purpose of the proposed addition to paragraph b.(11)(c) was to clarify the matter in order that Agency employees would not be misled into misinterpretations.

[REDACTED] also stated that the purpose of the proposed addition was to provide clarification of the Regulation.

After discussion of this proposed addition to the Regulation, the Board was unanimous in its acceptance.

5. Mention was made by the Chairman that he had been given an advance copy of the Presidential Committee's report on the unification and consolidation of government retirement systems. He stated that he thought the Board members should be fully cognizant of the provisions of such report and of its protections, at least initially, with regard to the Agency retirement system. It was agreed that a Special Meeting of the Board would be held for this purpose at 10:15 a.m., on 17 December 1965.

6. The meeting adjourned at 4:10 p.m.
